Hello Trailsweepers,

I think it is now safe to say that winter is definitely over !!!!! The weather is finally getting warmer and I know we are all looking forward to the summer activities that are planned for our club.

Kayaking has begun and we had a great day on Chodikee Lake last week, then lunch at the Gilded Otter in New Paltz. Thank you Yvonne and John !! Check the schedule for all the great paddles planned throughout the summer and fall.

Cycling has started and in that regard, we were fortunate, at the April 24th meeting, to have a very informative presentation on the different programs and organizations that are in our area by Tom Polk, Bike Educator.....thank you Nick Mercurio for arranging that.

May 22nd is our Annual Planning Meeting. Thank you to Jim and Carol Tomassetti who have volunteered to host the meeting at their home. Please plan to attend and help plan activities for the upcoming year. Bring some new ideas on what you would like to see added to our calendar that would hopefully get more members to come out and join us, and maybe encourage new members to join the club also.

NEW INFO – Article I of the Bylaws referring to reducing the number of meetings to be held in the summer was approved. **Meetings will be as follows: June 26, July 24, and August 21 (which is the Annual Kingston Point Picnic Meeting).** We will start again in September with the regular 2nd and 4th Tuesdays schedule.

Looking forward to seeing everyone at our Spring Banquet & Awards Dinner Dance on May 5th. As your new president, I look forward to meeting those I do not know and I look forward to working with everyone over the upcoming year. Call or email me anytime.

First Hurrah on Chodikee Lake

By Kayak John

It was a beautiful, bright sunny day for a positive kayaking experience on Chodikee Lake on Sunday Apr 22nd. Fifteen people participated in the first trip of the year and no one was disappointed. There was lots of water, a clear sunny day with cool temperatures; we also saw a total of five beaver huts. However, no one spotted the huts' residents.

We paddled to the end of the lake where a small waterfall begins. No one decided to go challenge the falls; however, one participant decided to go on foot to explore the rushing falls area. In doing so, she lost control of her craft and decided to test the temperature of the water when she tried to get on shore. (Most capsizes occur when people try to either enter or exit their craft.) Unfortunately, her dry clothes were back at the starting point and had to paddle there in cold, wet duds!

There were numerous submerged trees just lying below the surface of the water. One had to be careful and vigilant so as to not get hung up. Unfortunately for one participant, he did; with a little rock and rolling and a little help from friends, he got unstuck and continued on his way. So there was a little excitement that day!

After the two hour paddle, it was decided that we meet at the Gilded Otter for lunch. About half the participants showed up and we all had a great time there.

Our next two paddles for the month of May are:

May 8; 2 pm; meet at Tivoli Boat launch at the end of Broadway in Tivoli right over the train tracks on the Hudson River. Exploring Tivoli Bay area.

May 20; 10 am; The Great Swamp paddle starting in Patterson, NY.

Hope to see you there!
